Southeast Patrol officers responded to a radio call of shots fired. The Person Reporting (PR) called on behalf of her neighbor, who was advising her son had a gun and was attempting to kill her daughter. Upon arrival, officers set up containment on the location and made contact with the suspect over the phone. The officers determined the suspect was armed with a gun, shot a round at a door inside the location, and would not let his sister exit the location. The suspect eventually exited the location armed with a revolver, and an Officer Involved Shooting occurred. The suspect was struck by the gunfire and succumbed to his injuries at scene. A loaded revolver was recovered at scene. No officers were injured during the incident. Force Investigation Division (FID) detectives responded to the scene and are investigating this incident.
